REMARKS ON THE RESULTS UNDER BOTH ACTS.

68. Summary of the results under both systems of registration during the year ... *ib.*

No. 1963 of 1899.

From

TOWNLEY M. FILGATE, Esquire,
Inspector-General of Registration and Stamps,
Bombay;

To

The SECRETARY to GOVERNMENT,
Revenue Department,
Bombay.

*Office of Inspector-General of Registration and Stamps, Bombay, 10th August 1899.*

Sir,

Introduction.

I have the honour to submit, for the information of Government, the triennial report on the operations of the Bombay Registration Department under Acts III of 1877 and XVII of 1879, a report which deals more especially with the year which terminated on the 31st of last March, but which also reviews the main features of the history of the department during the three years which have elapsed since the last triennial report was placed before Government. For six months of the past year, from June 4th to December 3rd, during which period I was absent on special leave, Mr. H. N. Alexander officiated as Inspector-General of Registration and Stamps.

Act III of 1877.

Decrease in Registration, taking the Presidency as a whole.

2. The total number of registrations recorded in the books of this department during the past year stands at 182,785, exhibiting a decrease of 8,009 transactions as compared with the figures for 1897-98. The totals for each year, since the department came into existence with the commencement of the year 1865, are marginally shown. From these figures it will be observed that while for the first 17 years in the history of this department the total yearly number of registrations sometimes exhibited an increase and sometimes a decline, for the next 14 years there was, year by year, a steadily maintained increase, and during the past 3 years a gradual decline. In the annexed table the figures for the years 1892-93 and 1895-96, in which the two last triennial reports were furnished to Government, are italicized, and looking specially to those figures it will be observed that the operations for 1895-96 showed an increase of 26,373 registrations—equivalent to a rise of about 15 per cent.—over those for 1892-93, while the operations of the past year exhibit a falling off of 20,758 registrations—equivalent to a decline of 10·19 per cent.—compared to those for 1895-96.

3. The decline of 8,009 registrations in the number of transactions recorded during the past year as compared with the preceding year is equivalent to a decrease of 4·19 per cent. Compulsory registrations have declined from 164,053 in 1897-98 to 160,081 in 1898-99, the difference of 3,952 transactions representing a falling off of 2·10 per cent. Optional registrations have also declined from 26,761 in 1897-98 to 22,704 during the past year, the decrease of 4,057 transactions in this class being equivalent to 15·16 per cent.

4. Turning to the last triennial report when, in the matter of optional and compulsory registration, dealing with the results of the past year, the following figures are observable :—

| Years. | Optional Registrations. | Compulsory Registrations. |
|---|---|---|
| 1895-96 ... ... ... | 23,502 | 180,041 |
| 1898-99 ... ... ... | 22,704 | 160,081 |

The figures for the past year represent a decline in optional and compulsory transactions of 3·39 and 11·08 per cent., respectively, when compared with the figures for 1895-96.

Increase or Decrease in various Districts.

5. Annexed is a statement showing those districts in which the numbers have risen, and those in which they have declined :—

6. Taking both classes of optional and compulsory registrations together, it will be observed from the above that during the past year there has been an increase in 12 districts and a decline in 13, while in 1 district (Aden) the number has remained unaltered.

Districts showing an Increase.

7. Amongst the districts in which the figures have gone up, the highest absolute increase, represented by 1,012 transactions, stands to the credit of Poona, the highest relative increase—equivalent to 13·62 per cent. on the figures for the preceding year—appearing in the Thar and Párkar district. The Registrar of Poona attributes the increase to the reaction due to Poona being free from plague in the busy season of the year and the consequent increase in the work of registration in the Haveli Sub-Registry office, by far the most important office in the district. In the matter of relative increase, in the 4 districts of Shikárpur, Kánara, Hyderabad and Karáchi, the upward movement is in every case more or less pronounced. The Registrars of Shikárpur and Karáchi attribute the increase to the low inundation and consequent poor harvest, with the resultant necessity of borrowing on the part of many of the agricultural class. The Registrar of Kánara attributes the increase to a bountiful rainfall throughout the district and consequent excellent crops of rice. The Registrar

of Hyderabad attributes the increase to the difficulty in obtaining credit and in a measure to outright sales of property being demanded lest borrowers should subsequently avail themselves of the Encumbered Estates Act, and also to the effects of the cessation of trade caused by the prevalence of plague during the preceding year and to the settlement of many accounts having been in consequence deferred during the year under report. In regard to what in this paragraph may appear to be somewhat of an inconsistency, I would venture to repeat a remark contained in an Annual Report submitted by me to Government something like twenty years ago, namely, that circumstances which in one district tend to produce a decline in registration, in another district have a precisely opposite effect, the fiscal condition of the district population being a factor that more or less governs the situation.

Districts showing a decrease.

8. Among the 13 districts showing a decline, the heaviest absolute decrease represented by 2,354 transactions appears against Dhárwár, the heaviest relative decrease—equal to 58·06 per cent.—appearing in the district of Deesa, which, in a registration sense, is a district of minor importance. Three districts—those of Kaira, Broach, and Panch Maháls—exhibit in the matter of relative decrease a pronounced falling off. The causes of decrease in the above-named districts, and also in others, where the decline has not been so pronounced, may be summed up in the one word "Plague." Government do not require to be told how the above pestilence has paralysed trade and business generally wherever it has made its appearance in a pronounced form. The money-lending classes in such cases appear to have been those most disposed to clear out of a place when plague had established itself in the neighbourhood.

9. In the 4 districts of Poona, Shikárpur, Upper Sind Frontier and Kánara, there has been an increase both in the optional and compulsory class; in the 11 districts of Khándesh, Belgaum, Násik, Dhárwár, Ahmedabad, Kaira, Surat, Ratnágiri, Broach, Panch Maháls and Deesa, both classes exhibit a decline; 8 districts—those of Sátára, Sholápur, Bijápur, Thána, Hyderabad, Karáchi, Thar and Párkar and Kolába—show an increase in the compulsory and a decrease in the optional class; in the two districts of Ahmednagar and Áden, optional registrations have increased, while compulsory registrations have fallen off, and in the remaining one district of Bombay optional registrations have remained the same, while compulsory registrations have fallen off.

10. If we turn for a moment to the table in the last triennial report corresponding to that appearing below paragraph 5 of the present report, we shall find that, in the matter of relative importance judged according to the number of registrations recorded in a year, three years ago Khándesh, Poona, and Sátára, as they do now, stood first, second, and third in the list. Belgaum has gone up from the sixth to the fourth place, passing over the heads of Násik and Dhárwár, which have thus each lost one place. The changes of position among the districts brought about by the last three years are not, however, in any case of a very marked character. Khándesh heads the list with—in the matter of transactions recorded—a total more than double than that of any other district.

Wills.

11. The number of wills registered in the past year has been 1,256 against 1,297 in 1897-98. The decrease represented by 41 registrations is equivalent in ratio to 3·16 per cent. For 1895-96 the number of will registrations recorded in the last triennial report was 1,459. In the succeeding year the number was 1,394. The figures for the past year show that, compared with those for 1895-96, there has been a decrease of 203 transactions or 13·91 per cent. in this class of registration.

Authorities to Adopt.

12. Two authorities to adopt—one in the district of Khándesh and the other in that of Bijápur—have been registered in the year under report. Of registrations of this class there were two in 1895-96, and none in each of the two succeeding years.

Transactions in Book No. V.

13. Fifty-three wills have been deposited, 18 withdrawn from deposit, 4 opened, and 9 removed for record in Court during the past year. The figures for 1895-96 under this head, as given in the last triennial Report, were as follows:—55 wills deposited, 13 with-

drawn, 9 opened and 5 removed. The figures for the year 1897-98, that immediately preceding the year under report, were 53 deposits, 20 withdrawals, 16 openings and 14 removals.

Copies of certificates of sale and certificates under the Land Improvement and Agriculturists' Loans Acts and those granted by Revenue Officers.

14. 3,423 copies of certificates of sale under the Civil Procedure Code have been filed in Part III of Book No. I during the past year against 3,031 in 1897-98. The number of certificates under the Land Improvement Loans Act filed in our offices has declined from 12,943 in the earlier to 3,233 in the later period, while that under the Agriculturists' Loans Act has risen from 11,357 in the earlier to 12,195 in the later period. The number of certificates granted by Revenue Officers and filed in our offices has declined from 1,258 in the earlier to 952 in the later period. Under the heads given in this paragraph the figures for 1895-96 appearing in the last triennial report were as follows:—Copies of certificates of sale under the Civil Procedure Code filed, 4,063; certificates under the Land Improvement Loans Act filed, 2,870; certificates under the Agriculturists' Loans Act filed, 259; and certificates granted by Revenue Officers and filed, 1,012.

Synopsis of information contained in Statements II and VIII.

15. The following table contains in an epitomized form the greater portion of the information derivable from Statements II and VIII of the Appendices to this report. It is necessary to explain that the figures contained in column 14 of the latter statement are omitted from the aggregate value column of the subjoined table, as the contents of column 14 relate to the fines or premiums paid on all three classes of leases named in Appendix, Statement VIII, and from the information available these fines or premiums cannot be distributed amongst their respective classes of leases. That being so, it is necessary to bear in mind that, as regards leases, the aggregate values and average values which are shown relate to rent alone:—

16. In the above statement, leaving out of account wills and authorities to adopt, the deeds registered during the year under immediate report and during the preceding year are grouped under 13 heads. Compared with the figures for 1897-98, there has been an increase in the numbers in 3 classes and a decline in 10. 29. Our receipts during the past year, it will be observed from the above, show a decrease of Rs. 6,581-4-7 as compared with those for 1897-98, and a decrease of Rs. 36,813-14-2 when compared with the average receipts as exhibited in column 2. Five heads of income exhibit an increase and 12 a decline, while in one the income has remained the same for each year, the most marked decrease being observable under the heads of "Optional," "Penalties," "Visits," and "Copying fee," &c. The decrease in receipts is due to the diminution in the number of registrations in 1898-99. The receipts for 1895-96, the year with which the last triennial report more immediately dealt, amounted to Rs. 584,912-2-0. The realizations under Act III of 1877 for 1898-99 have therefore decreased by Rs. 59,923-5-2 as compared with those for 1895-96, the decrease being equal to 10 per cent.

Expenditure.

30. The expenditure of the Department during the past year is classified under the various heads of charge in the subjoined statement, and is therein contrasted with the preceding year's expenditure, and also with the average expenditure under each head for the five years immediately preceding that under report:—

| | | | Net Increase ... | 3,908 12 11 | |

The above statement shows that there has been an increased expenditure under 5 heads of charge and a reduced expenditure under the remaining 4, the

net result being an increase of Rs. 3,908-12-11. Larger issues of books and forms to Registrars and Sub-Registrars have increased the (hypothetical) charges for printing and stationery due to the Central Press in Bombay and the Press of the Commissioner in Sind at Karachi. If a comparison be made between the expenditure during the past year and the average expenditure of the five years preceding, it will be found that there has been a rise under 3 heads, while the converse is the case with the remaining 6. The expenditure of the past year having decreased as compared with the average expenditure for the preceding years is due to the diminution in the business of the Department, which has naturally brought with it decreased liabilities. The expenditure for 1895-96 amounted to Rs. 2,86,046-6-2 or more by Rs. 10,695-0-6 than that for the past year. Compared to the results reported three years since, the year's receipts have fallen off, as already shown, by 10 per cent., and the expenditure has declined by about 4 per cent.

Receipts and expenditure in the various Districts and Offices.

31. During the past year, as compared with that preceding, the receipts have increased in 13 districts and declined in 13. The expenditure has risen in 14 districts and in the office of the Inspector of the 2nd Division, and it has fallen in 12 districts and in the offices of the Inspector General of Registration and the Inspectors of the 1st, 3rd, and 4th Divisions.

Unprofitable and profitable Offices and Districts.

32. Dividing the offices and districts into two classes—those which pay their way and those which do not—it will be found that amongst the latter class is, in addition to the 5 offices of inspection, the district of Deesa. Khándesh of course comes first among the surplus-producing districts, with a very handsome net revenue of Rs. 43,070-13-2, Bombay figuring next on the list to Khándesh with a surplus of Rs. 32,515-0-0. I annex a statement in illustration of the remarks contained in this paragraph:—

33. The registration surplus proper for the past year given in the above statement amounts to Rs. 2,49,637-7-2, being Rs. 10,490-1-6 less than the surplus proper for 1897-98, which stood at Rs. 2,60,127-8-8. The registration surplus proper for 1895-96 stood at Rs. 2,98,865-11-10 or more by Rs. 49,228-4-8 than that which has been secured during the past year.

Balance Sheet.

34. The departmental balance sheet appearing as No. 9 of the Appendix statements to this report exhibits the gross surplus for the year, amounting to Rs. 2,85,132-1-2, made up of the surplus proper, as given in the preceding paragraph, and that (Rs. 35,494-10-0) which has accrued from the working of the Joint Stock Companies Act. The gross surplus for 1895-96 stood at Rs. 3,14,624-8-11 or more by Rs. 29,492-7-9 than that for 1898-99.

Offices.

35. At the close of the year under report there were 26 registry and 226 sub-registry offices in existence against a corresponding number of each in the previous year. Of the 226 sub-registry offices all, save 14, have been in charge of special or full-time men.

Inspections by Inspector-General.

36. During the past year 9 registry and 9 sub-registry offices have been visited and inspected by Mr. Alexander or myself. The number of inspections is smaller than usual, in explanation of which I would state that my duties as Inspector-General of Prisons, under circumstances explained in my last Annual Report on the Bombay Jail Department, kept me in Bombay for several weeks during the hot weather of 1898, with the result that I was unable to undertake a tour of inspection during that season. The annexed statement gives the names of the offices visited and inspected as above :—

Inspections by Registrars and Assistant or Deputy Collectors.

37. The Registrars collectively have carried out 153 examinations of sub-registry offices, while 119 sub-registry offices have been examined by Assistant and Deputy Collectors.

Inspections by Inspectors.

38. The Inspector of the 1st Division has examined 24 sub-registry offices and the general indexes of one district; the Inspector, 2nd Division, 29 sub-registry offices and the general indexes of one district; the Inspector, 3rd Division, 15 sub-registry offices; and the Inspector, 4th or Sind Division, 24 sub-registry offices and the general indexes of two districts. In the 1st and 2nd Divisions the Inspectors have, during the past year, been engaged at times in compiling statistics for the Revenue Survey Department. The amount of inspection work performed by the Inspector, 3rd Division, compares unfavourably, as regards the number of offices visited, with an ordinary year's operations. This is due to the heavy amount of registration inspection performed by the Inspector—not as regards the number of sub-registry offices inspected, but in respect to the very large number of records examined in those offices which the Inspector visited—work which kept him on the move during a portion of the monsoon months, as also to domestic affliction which prevented him from travelling in the month of March last. I have recently informed the Inspector, 3rd Division, that he must, when on the move, get over the ground faster than he has latterly been doing.

Offices not inspected during the year.

39. Of the total 252 registry and sub-registry offices of the entire department, only 17 of the former and 32 of the latter have remained unexamined during the past year. Attention is solicited to the foot-note at the bottom of this page

Indexes.

40. The indexes of the various registry and sub-registry offices for 1898 have already nearly all been bound.

Destruction of unclaimed deeds; deeds awaiting delivery on 1st April 1899.

41. During the year under report 475 unclaimed deeds relating to property valued at Rs. 1,21,015-12-3 have been destroyed under the provisions of Section 85 of the Registration Act. Of these, 430 were registered deeds, 21 were deeds the proceedings regarding which had been adjourned, and 24 were deeds the registration of which had been refused. At the close of the year, on 31st of last March, there were in all 8,990 deeds in our offices awaiting delivery.

Dismissal of a Sub-Registrar.

42. One Sub-Registrar in the district of Hyderabad has during the past year been dismissed from his post for failing, as required by Section 52 of the Registration Act, to give a receipt for every document presented to him for registration.—*Vide* Government Resolution, Revenue Department, No. 5147, dated 10th August 1898.

Prosecutions.

43. During 1898-99 one Sub-Registrar in the Násik District has been prosecuted, after his retirement, for irregularity of conduct in the discharge of his official duties and has been acquitted. During the same period 16 persons have been prosecuted for offences against the Registration Law. Of these, 11 were convicted and 5 were acquitted. Four of the accused were prosecuted for the offence of false personation and the remaining 12 for abetment of the foregoing offence or for making false statements.

Buildings.

44. New Mámlatdárs' cutcherries, with improved sub-registry office accommodation, have during the year under report been constructed at some four or five Táluka Head-quarter Stations. The following is a list of petty works carried out during the past year by means of the departmental discretionary grant of Rs. 1,200 for that year :—

## Registration under Act XVII of 1879.

Number of Registrations.

45. Under the village registration system which is in force in the four Deccan districts of Ahmednagar, Poona, Sátára and Sholápur, there have been in all 138,072 registrations

during the year 1898-99 against 180,553 during the previous year, the decrease of 42,481 transactions representing a fall of 23·52 per cent. In 1895-96 the number of registrations recorded was 144,956, or more by 6,884 than that during the past year. The decrease in 1898-99 over the figures for the last-named year is equivalent to a fall of 4·74 per cent. The subjoined table shows the number of all kinds of documents registered in each of the four districts during the year 1898-99 and preceding three years; the decrease or increase, and ratio of such, observable in each district in the past year, from a comparison between the figures for that year and those (*a*) for 1895-96, and (*b*) those for 1897-98, being also shown in the statement :—

| District. | Number of Documents. | | | | Increase or Decrease in 1898-99 as compared with figures for 1895-96 and ratio. | | | Increase or Decrease in 1898-99 as compared with figures for 1897-98 and ratio. | | |

Comparing the results of the past year with those for 1895-96 and with those for 1897-98, it will be found as the result of the first contrast that the heaviest decline, both absolute and relative, appears in Sátára, while there is an increase in the solitary case of Sholápur, and that as the result of the second contrast the largest falling off, both absolute and relative, is apparent in the case of Ahmednagar.

Classification of registered instruments.

16. The statement below gives the number of transactions in immoveables and moveables for each district, both for the past year and the three preceding years :—

47. Contrasting the figures appearing in the above statement for the past year with those for 1895-96, it will be found that in the three districts of Ahmednagar, Poona and Sholápur there has been an increase, and in the

remaining district of Sátára there has been a decline in the immoveable class, while in the class of moveables there has been a decline in each of the four districts. A comparison between the figures for 1897-98 and those for the past year shows that in each district there has been a falling off in both the classes, immoveable and moveable.

48. The following statement exhibits, district by district, for the last four years the number of transactions in the five classes of immoveables and four classes of movables :—

49. Comparing the figures for the past year with those for that which preceded it, and again with those for the first year of the period with which the above statement deals, the results appearing therein may be briefly summarized as follows :—

*Ahmednagar.*—In three out of the five classes of immoveables, the figures for 1898-99 are in excess of those for 1895-96, while in the classes of sales and mortgages with possession there has been a *decline*. The figures for the past year, compared with those for 1897-98, exhibit a decrease in all the five classes of immoveables. In the matter of moveables in this district the registrations of "Bonds," of "Mortgages" and of "Other deeds" in 1898-99 have fallen short in each case of those for the year 1895-96 as well as the preceding year. The figures for 1898-99 in the case of sales, though exceeding those for 1895-96, have decreased when compared with those for 1897-98 ,

*Poona.*—In this district in two out of five classes of immovables the figures for 1898-99 exhibit a rise when compared with those for 1895-96, and a decline in the classes of mortgages with possession, mortgages without possession, and other deeds; while, when compared with those for 1897-98, they have declined in all the five classes. In the moveables in the Poona district the figures for bonds, mortgages, and sales in 1898-99 fall short in each case of those for 1895-96 and 1897-98. The figures for 1898-99 in the case of other deeds, though less than those for 1895-96, are in excess of those for 1897-98.

*Sátára.*—Amongst the immoveables in this district registrations in 1898-99 of "Sales" and "Leases under one year" are in excess of those in 1895-96, while "Mortgages with possession," "Mortgages without possession" and "Other deeds" exhibit a falling off. Compared with the registrations in 1897-98, in four out of five classes the numbers in 1898-99 show a falling off, only "Other deeds" showing an increase. In all the four classes of moveables the registrations in 1898-99 have decreased when comparison is made with the results for 1895-96 and for 1897-98.

*Sholápur.*—In this district in three out of five classes of immoveables the figures for 1898-99 are in excess of those for 1895-96, while in the classes of "Mortgages with possession" and "Mortgages without possession" there has been a decline. The figures for the past year, compared with those for 1897-98, exhibit a decrease in three out of five classes of immoveables, an increase being apparent in the case of "Leases under one year" and "Other deeds." Amongst the moveables, registrations in all the four classes in 1898-99 fall short of those in 1895-96, but when contrast is made with the figures for 1897-98, those for 1898-99 in the class of "Bonds" and "Mortgages" exhibit a decrease and in the class of "Sales" and "Other deeds" an increase.

Transactions between agriculturists and agriculturists and agriculturists and sávkárs.

50. The next statement gives the number of transactions relating to land alone for the past and preceding years between, firstly, agriculturists and agriculturists, and secondly, between agriculturists and sávkárs:—

51. In the whole four districts it will be observed from the above statement that, dealing with the totals, the transactions between agriculturists and agriculturists have in the past year outnumbered those recorded in 1895-96 with the exception of Sátára, which exhibits a falling off, while if a comparison be made between the totals for the past year and those for 1897-98 it will be observed that with the exception of Sholápur each district exhibits a decline. In the matter of transactions between agriculturists and sávkars, the past

year's figures in regard to the totals exhibit a rise in each of the districts of Ahmednagar and Sholápur and a decline in each of the districts of Poona and Sátára when compared with the figures for 1895-96. Comparison being made between the totals for 1897-98 and those for 1898-99, it will be seen that there has in the past year been a falling off in each of the four districts.

Deeds executed to supplant old ones.

52. In the matter of deeds executed entirely or partly to supplant old ones, the following table exhibits the results in each district for the past and preceding three years in each of the two classes of immoveables and moveables:—

53. Taking both the divisions together, as appearing in the above table, district by district, it will be seen that in the three districts of Ahmednagar, Poona and Sátára the figures for the past year, when compared with those for 1897-98, show a decline, while in Sholápur there has been an increase. If the figures for the past year be compared with those for 1895-96, it will be found, again taking both divisions together, district by district, that there has been an increase in all four districts.

Leases to Vendors or Mortgagors.

54. The statement appended below gives the number of cases in which lands sold or mortgaged were leased to the vendor or mortgagor simultaneously with the execution of the deed of sale or mortgage:—

| District. | Leases in cases of Lands sold. | | | | Leases in cases of Lands mortgaged. | | | |
|---|---|---|---|---|---|---|---|---|
| | 1895-96. | 1896-97. | 1897-98. | 1898-99. | 1895-96. | 1896-97. | 1897-98. | 1898-99. |

| Total ... | 2,805 | 3,236 | 4,218 | 2,803 | 9,510 | 9,749 | 10,539 | 7,077 |

55. It will be observed from the above statement that there has been a decrease in all the districts in both the classes during the year 1898-99, as compared with the year 1897-98. If the figures for the past year in the class of "Leases in cases of land sold" be compared with those for 1895-96, it will be found that there has been an increase in Poona, Sátára and Sholápur, and a decrease in Ahmednagar. When the figures for the past year in the class of "Leases in cases of lands mortgaged" are compared with those for 1895-96, it will be observed that there has been a decrease in all the 4 districts except that of Sátára.

Causes of decrease in registration.

56. The heavy falling off in the total number of transactions recorded under the Village Registration system during 1898-99, as compared with 1897-98, is most unquestionably due, mainly if not entirely, to the plague which was more or less prevalent during the 12 months under report in every one of the 4 districts in which Act XVII of 1879 is in operation.

Aggregate and average value of registered transactions.

57. The following statement gives the aggregate and average values of registered transactions, district by district, for the past and preceding three years. Each of the 4 districts show a decrease in the aggregate value in 1898-99 as compared with the previous year and with 1895-96. As regards average value in Ahmednagar, Poona and Sholápur, the figures for 1898-99 exhibit a decline when compared with those for 1895-96 and 1897-98. As regards average value in Sátára, the figures for 1898-99 fall short of those for 1895-96, but are in excess of those for 1897-98. Taking the 4 districts together, the average value per transaction in 1898-99 has decreased as compared with that for 1895-96 and 1897-98 :—

61. From the above statement it will be observed that the largest decrease in expenditure during the past year occurs under the head of commission, and is due to the falling off in fee receipts.

62. The financial result of the year is a deficit of Rs. 8,088-11-8 against a surplus of Rs. 3,399-7-0 in the previous year, exclusive of the value of the books and forms supplied to

Financial result.

us from the Government Central Press free of charge. In 1895-96 the deficit amounted to Rs. 4,346-14-7 or less by Rs. 3,741-13-1 than that during the past year. If the value of the books and forms be added to the charges for each year, *the deficit* for the year under report has amounted to Rs. 13,887-5-5 against a surplus of Rs. 239-9-4 in the preceding year.

Village Registration Circles.

63. There were at the close of the year 1898-99, 187 Village Registration Circles in charge of 43 Táluka Village Registrars and 144 Special Village Registrars.

Inspections.

64. During the year under report one Táluka Village Registry Office and two Village Registry Offices were examined by my *locum-tenens*, Mr. Alexander. The District Registrars of Ahmednagar, Poona, Sátára, and Sholápur respectively examined 34, 22, 17, and 8 offices. The District Inspectors of Village Registration Offices of Ahmednagar, Poona, Sátára, and Sholápur examined the records of 52, 35, 54, and 38 Village Registration Offices respectively. The Ahmednagar Inspector examined 2, the Poona Inspector 1, the Sátára Inspector 5, and the Sholápur Inspector 10 offices a second time. The Inspector of Registration and Stamps, 2nd Division, visited and examined 4 Táluka Village Registry Offices, and the Assistant and Deputy Collectors and Mámlatdárs collectively carried out the examinations of 59 Offices during the year. There have been during the year in all 344 examinations of Village Registry Offices by the officers named in this paragraph.

Dismissal.

65. A Village Registrar in the district of Ahmednagar has during the year been removed from his post under very grave suspicion of having been a party to a forgery in regard to a deed drawn up and registered by him.

Indexes.

66. The indexes in the various Táluka Village Registry Offices for the year 1898 have either been bound or are being bound.

67. Appended to this report are two statements marked A and B of the nature of those heretofore attached to the triennial Reports or Annual Notes on the system of Village Registration.

## REMARKS ON THE RESULTS UNDER BOTH ACTS.

Summary of the results under both systems of registration during the year.

68. Taking the two systems of registration together, the following are some of the results for 1898-99 and for the preceding year. In all, including 1,256 wills and 2 authorities to adopt, 320,857 documents have been registered in 1898-99 against 371,347 in 1897-98. Of the above in 1898-99, excluding wills and authorities to adopt, 293,193 related to immoveable property of a stated value of Rs. 9,50,49,551-7-4 and 26,406 to moveable property of a stated value of Rs. 34,67,766-7-7; total value Rs. 9,85,17,317-14-11. The figures for 1897-98 were 332,595 deeds of immoveables relating to property of a stated value of Rs. 9,47,25,425-10-4 and 37,455 deeds of moveables relating to property of a stated value of Rs. 50,09,787-5-7, in all 370,050 deeds, relating to property of a stated value of Rs. 9,97,35,212-15-11. The gross expenditure under both systems, including a hypothetical charge of Rs. 24,185-11-10 for books and forms, has in the past year amounted to Rs. 3,39,581-1-8 and the gross receipts to Rs. 5,75,331-3-5 against Rs. 3,37,086-2-3 and Rs. 5,97,453-4-3 respectively in 1897-98. The surplus for the past year under both Acts therefore amounts to Rs. 2,35,750-1-9 as against Rs. 2,60,367-2-0 in 1897-98. The past year's surplus under the Joint Stock Companies Act amounts to Rs. 35,494-10-0, and therefore for the year 1898-99 the total surplus of the Registration Department stands at Rs. 2,71,244-11-9 against Rs. 2,80,645-7-9 in 1897-98.

69. The following figures for 1895-96 will enable a comparison to be made between the main results of that year and of the year with which this report especially deals. Total number of registrations, including 1,459 wills and 2 authorities to adopt, under both Acts, 348,499; of these, excluding wills and authorities to adopt, 311,946 related to immoveable property, value Rs. 10,54,07,379-13-9 and 35,192 to moveable property, value Rs. 48,01,794-7-11.

The gross receipts under both Acts amounted to Rs. 6,39,680-12-8. The gross expenditure under both systems, including a hypothetical charge of Rs. 24,376-10-5 for books and forms, amounted to Rs. 3,49,660-14-3, the surplus under both Acts having therefore been Rs. 2,90,019-14-0, making, with the surplus of Rs. 15,758-13-1 under the Joint Stock Companies Act for the year under reference, a gross net revenue from all sources amounting to Rs. 3,05,778-11-1 or more by Rs. 34,533-15-4 than that in the past year.

70. In 1898-99 the transactions registered under the two systems, with the working of which the present report deals, have been less by 27,642 registrations than those registered during the year to which the last triennial Report of this Department more directly related, and the gross net departmental surplus, derivable from all sources, has proved less by Rs. 34,533-15-4 in 1898-99 than it was in 1895-96.

71. In view of the adverse causes, due to the prevalence of plague in so many districts, with which this Department in the matter of its income has had to contend during the past two years, I trust that Government may be disposed to consider that the surplus income of Rs. 2,71,244-11-9, which, as reported above, has been realized during the past year, is not altogether unsatisfactory. I can remember only too well how, some 20 years ago, when the financial position of the Bombay Registration Department was very far from being as firmly established as it is at present, for two years in succession, owing mainly to the disastrous effects of the famine of 1876-77 on the departmental finances, the year's operations produced a deficit of some Rs. 3,000 or Rs. 4,000.

I have the honour to be,
Sir,
Your most obedient servant,

T. M. FILGATE,
Inspector General of Registration
and Stamps, Bombay.
